Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on creating a positive learning environment.

We are doing this to support our students to learn better conflict resolution skills and to build positive relationships..

Throughout the year, we will be:

1. Teaching students positive conflict resolutions skills.
2. Teaching students strategies to help understand and control their feelings and actions..
3. Recognizing and celebrating positive character traits, including upstander behaviour.

Community/Home Connections

Discuss with your child how they solve conflicts and support them to understand their feelings and use positive means to come up with a solution.
